The notice calling for the meeting was read by Mr. Venkatagiriappa

proposed by Mr. Veerappa Krishna was seconded by Mr. Krishnachar and supported by Mr. K. Nanjundiah that Mr. K. Venkatasubbiah should take the chair.

The chairman called for Mr. B. Huchu Rao to explain the object of the meeting who said that the object with which the assembly was gathered today was to consider the necessary measures for the amelioration of the town's condition. He further said that people living in the town were subject to a great difficulty on account of want of water-supply. He deplored that their representations to Government through the local bodies municipality and Taluk Boards in the matter were not given effect to their sorrows are, he continued, all the greater that in spite of the Government's sanction to the Hoppa water project, the Department did not as yet consider it to be worth-while expediting.

Next Mr. Veerappa Krishna Rao made a speech at some length in course of which he said suggested the formation of a Committee called "The Hoppa Town Improvement Committee" to be in direct correspondence with the Government regarding all the grievances of the town's people.

Afterwards Mr. Nalgar Venkatagiriappa spoke to the effect that a town hall with a reading room and a library attached thereto was of great necessity in Hoppa.

A healthy discussion ensued on all the points raised above, in which Messrs. Veerappa Krishna Rao, Nalgar Huchu Rao, Venkata Krishna Shetty, Nalgar Venkatagiriappa, M. Krishnachar took part, after which the following resolutions were unanimously agreed to:—

1 That the Government be requested to bring the Hoppa town under the operations of the Mines Improvement Scheme of the Municipality which

is to improve the condition of the town cannot do so partly owing to want of sufficient funds, and partly due to want of executive hands

7. That the public assembled today express their great regret re-the delay in giving effect to the Kolar Water Works Scheme said to have been sanctioned by Government and pray that the Government do insist on the Public Works Department to undertake the works on hand, thereby saving them out of the difficulty re-the water supply for drinking purposes. They further request that Mr. L. Narasimhiah who has successfully conducted the operating of the recently completed the Lavangere Water works may be specially deputed to carry out the water works here.

8. That a Town-Hall with a reading room and a library attached thereto at a cost of not exceeding Rs.10,000/- be erected at Koppa, and that the Government be requested to sanction half the estimated cost the other half being met by public subscription.
